this volume focuses on the nutrient and organic matter inputs in
estuaries and other coastal ecosystems their effects on geochemistry
and community structure and possibilities for recovery of the
systems to a trophic state that is beneficial for man and nature the
book provides many examples of the effects of the enhanced supply of
nutrients and organic matter on the chemical features of the water
and on the structure metabolism and trophic pathways of the
biological communities also included are several case studies
providing considerable insight into the response of the different

coastal ecosystems to long term changes in the trophic state of the water current knowledge on modeling as a tool to manage the trophic state of the coastal ecosystems is also dealt with making this book one of interests to scientist and students as well as managers

in this the third volume of an interdisciplinary history of the united states since the civil war sean dennis cashman provides a comprehensive review of politics and economics from the tawdry affluence of the 1920s through the searing tragedy of the great depression to the achievements of the new deal in providing millions with relief job opportunities and hope before america was poised for its ascent to globalism on the eve of world war ii the book concludes with an account of the sliding path to war as europe and asia became prey to the ambitions of hitler and military opportunists in japan the book also surveys the creative achievements of america's lost generation of artists writers and intellectuals continuing innovations in transportation and communications wrought by automobiles and airplanes radio and motion pictures the experiences of black americans labor and america's different classes and ethnic groups and the tragicomedy of national prohibition the cast of characters includes fdr the new dealers eleanor roosevelt george w norris william e borah huey long henry ford clarence darrow ernest hemingway scott fitzgerald w e b dubois a philip randolph orson welles wendell willkie and the stars of radio and the silver screen the first book in this series america in the gilded age is now accounted a classic for historiographical synthesis and stylistic polish america in the age of the titans covering the progressive era and world war i and america in the twenties and thirties reveal the author's unerring grasp of various primary and secondary sources and his emphasis upon structures individuals and anecdotes about them the book is lavishly illustrated with various prints photographs and reproductions from the library of congress the museum of modern art and the whitney museum of american art

these proceedings contain two hundred and eighteen papers representing the work of authors from countries across the world they cover a wide range of research and applications in safety and reliability issues that concern all types of systems processes and structures

the historiography of psychoanalysis will be of particular value to psychoanalysts and to people in the worldwide intellectual community who wish to further their understanding of the massive changes in the climate of opinion generated by the work of freud and his followers american journal of psychiatry those who seek an understanding of freud and psychoanalysis will find the historiography of psychoanalysis rewarding and stimulating gerald n grob canadian bulletin of medical history today sigmund freud's

legacy seems as hotly contested as ever he continues to attract fanaticism of one kind or another if freud might be disappointed at the failure of his successors to confirm many of his so called discoveries he would be gratified by the transforming impact of his ideas in contemporary moral and ethical thinking to move from the history of psychoanalysis onto the more neutral ground of scholarly inquiry is not a simple task there is still little effort to study freud and his followers within the context of intellectual history yet in an era when psychiatry appears to be going in a different direction from that charted by freud his basic point of view still attracts newcomers in areas of the world relatively untouched by psychoanalytic influence in the past it is all the more important to clarify the strengths and the limitations of freud s approach roazen begins by delving into the personality of freud and reassesses his own earlier volume freud and his followers he then examines freud studies in the nature of freudian appraisals and patients he examines a succession of letters between freud and silberstein freud and jones anna freud and eva rosenfeld james strachey and rupert brooke roazen includes a series of interviews with such personages as michael balint philip sarasin donald w winnicott and franz jung he explores curious relationships concerning lou andreas salom tola rank and felix deutsch and deals with biographies of freud s predecessors charcot and breuer and contemporaries including menninger erikson helene deutsch and a number of followers freud s national reception in such countries as russia america france among others is examined and roazen surveys the literature relating to the history of psychoanalysis finally he brings to light new documents offering fresh interpretations and valuable bits of new historical evidence this brilliantly constructed book explores the vagaries of freud s impact over the twentieth century including current controversial issues related to placing freud and his theories within the historiography of psychoanalysis it will be of interest to psychoanalysts intellectual historians and those interested in the history of ideas paul roazen is professor of social and political science at york university in toronto ontario and the author of freud political and social thought helene deutsch a psychoanalyst s life encountering freud the politics and histories of psychoanalysis and brother animal the story of freud and tausk all available from transaction

as we begin the third millennium there is cause for cautious optimism regarding the human prospect democratic revolutions and the doctrine of universal human rights have captured the imagination of large sectors of humanity while major advances in science and technology continue to conquer disease and extend life contributing to rising standards of living affluence and cultural freedom on a worldwide basis paradoxically at the same time ancient authoritarian fundamentalist religions have grown in vitriolic intensity along with bizarre new age media driven paranormal belief systems also

surprising is the resurgence of primitive tribal and ethnic loyalties unleashing wars of intolerance and bitterness in skepticism and humanism paul kurtz locates these threatening developments within a long standing and largely unchallenged theological worldview he proposes as an alternative to religion a new cultural paradigm rooted in scientific naturalism rationalism and a humanistic outlook an estimated 60 percent of scientists are atheists or agnostics however the skeptical world view has been given little currency even in advanced societies because of a cultural prohibition against the criticism of religion at the same time science has become increasingly narrow and specialized so that few people can draw on its broader intellectual and cultural implications skepticism and humanism attempts to meet this need it defends skepticism as a method for developing reliable knowledge by using scientific inquiry and reason to test all claims to truth it also defends scientific naturalism an evolutionary view of nature life and the human species kurtz sees the dominant religious doctrines as drawn from an agricultural nomadic past and emphasizes the need for a new outlook applicable to the postindustrial information age at the same time he rejects postmodernism for abandoning science and embracing a form of nihilism there can be no doubt that as a new global civilization emerges scientific naturalism rationalism and secular humanism have something significant to say about the meaning of life skepticism and humanism shows how they can to foster democratic values and social prosperity the book will be important for philosophers scientists and all those concerned with contemporary issues

data presented in the petroleum supply monthly psm describe the supply and disposition of petroleum products in the us and major us geographic regions the data series describe production imports and exports inter petroleum administration for defense pad district movements and inventories by the primary suppliers of petroleum products in the us 50 states and the district of columbia the reporting universe includes those petroleum sectors in primary supply included are petroleum refiners motor gasoline blenders operators of natural gas processing plants and fractionators inter pad transporters importers and major inventory holders of petroleum products and crude oil when aggregated the data reported by these sectors approximately represent the consumption of petroleum products in the us data presented in the psm are divided into two sections summary statistics and detailed statistics the tables and figures in the summary statistics section of the psm present a time series of selected petroleum data on a us level the detailed statistics tables of the psm present statistics for the most current month available as well as year to date 72 tabs

this special issue of shaw offers ten articles that focus on the theme of shaw and history that focus illuminates shaw s concept of

history as art and its uses for dramatic purposes it is a focus that is broadly applied to the historical perspective views range from shaw s uses of historical sources in the shavianizing of history his uses of historical geographical and political places and events in his work to views that place selected shavian works within a historical context stanley weintraub discusses shaw s references to cetewayo zulu chieftain in cashel byron s profession as the first incorporation of a contemporary historical figure into his work john allett explores the liberal socialist and radical feminist views of prostitution in nineteenth century england and demonstrates how those political views are developed within the unfolding action of mrs warren s profession sidney p albert studies the utopian movement the garden city to determine the extent to which that movement influenced shaw s conception of perivale st andres in major barbara he also narrates his personal attempt to identify the ballycorus smelting works and its surroundings as well as the campanile or folly at faringdon as sites that provided the scenic sources for perivale st andres in major barbara gale k larson has edited a partially unpublished shavian manuscript that addresses shaw s relationship with frank harris and among other matters sets the historical record right as to who deserves the credit for attributing the identity of the dark lady of the sonnets to mary fitton he also examines the historical sources that influenced shaw s views on charles ii the merry monarch in in good king charles s golden days and demonstrates shaw s reclamation of yet another historical figure from the traditional historians david gunby examines the first night performance of o flaherty v c for purposes of setting the historical record straight as to the facts of that production wendi chen presents the stage history of the production of mrs warren s profession in china during the early 1920s and argues its central role in shaping modern chinese drama rodelle weintraub assesses too true to be good as a dream play within the context of the nightmarish times of world war i michael m o hara surveys the federal theatre s productions of androcles and the lion in the 1930s to reveal the political and religious repressions that those productions underscore shaw 19 also includes three reviews of recent additions to shavian scholarship as well as john r pfeiffer s continuing checklist of shaviana
