in bounded wilderness kathryn jasper focuses on the innovations undertaken at the

hermitage of fonte avellana in central italy during the eleventh century by its prior peter damian d 1072 the congregation of fonte avellana experimented with reforming practices that led to new ways of managing property and relations among clergy nobles and the laity jasper charts how damian s notion of monastic reform took advantage of the surrounding topography and geography to amplify the sensory aspects of ascetic experiences by focusing on monastic landscapes and land ownership jasper demonstrates that reform extended beyond abstract ideas rather reform circulated locally through monastic networks and addressed practical concerns such as property boundaries and rights over water orchards pastures and mills putting new sources both documentary and archaeological into conversation with monastic charters and damian s letters bounded wilderness reveals the interrelationship of economic practices religious traditions and the natural environment in the idea and implementation of reform

a riveting account of the conquest of the vast american heartland that offers a vital reconsideration of the relationship between native americans and european colonists and the pivotal role of the mighty mississippi america s waterways were once the superhighways of travel and communication cutting a central line across the landscape with tributaries connecting the south to the great plains and the great lakes the mississippi river meant wealth knowledge and power for those who could master it in this ambitious and elegantly written account of the conquest of the west jacob lee offers a new understanding of early america based on the long history of warfare and resistance in the mississippi river valley lee traces the native kinship ties that determined which nations rose and fell in the period before the illinois became dominant with a complex network of allies stretching from lake superior to arkansas the illinois were at the height of their power in 1673 when the first french explorers fur trader louis jolliet and jesuit priest jacques marquette made their way down the mississippi over the next century a succession of european empires claimed parts of the midcontinent but they all faced the challenge of navigating native alliances and social structures that had existed for centuries when american settlers claimed the region in the early nineteenth century they overturned 150 years of interaction between indians and europeans masters of the middle waters shows that the mississippi and its tributaries were never simply a backdrop to unfolding events we cannot understand the trajectory of early america without taking into account the vast heartland and its waterways which advanced and thwarted the aspirations of native nations european imperialists and american settlers alike

can a feminist interpretation of romans discover anything new in this volume christian eberhart pays special attention to the fact that paul entrusted phoebe a gentile woman with the task of delivering the letter to rome there she would have been the person who recited it aloud and by heart in front of various audiences yet as the leader of a congregation in corinth phoebe had likely also been involved in the process of composing the letter as some passages reveal this multifaceted engagement of a woman gives new meaning to the vision of human society in romans that celebrates the full participation of women and men jews and gentiles weak and strong and free and slave

this book examines the critical connections between criminal justice and public health perspectives on violence and crime violent crime involves not only criminal justice agencies but social agencies community groups and public and private healthcare organizations the authors provide a broad overview of prevalent forms of violence focusing on how criminal justice and public health perspectives converge in the examination of and response to these issues the book looks at the nexus of public health with problems as varied as assaultive violence child abuse rape and sexual abuse interpersonal violence elder abuse suicide police violence teenage bullying workplace violence firearm injuries and opioid addiction the authors lay out a structure for an epidemiological approach to studying violent crime and offer policy recommendations for using both criminal justice and public health approaches to prevent violence this volume spotlights the connections between violent crime and public health and urges a consideration of public health in efforts to prevent and control violent crime it is ideal for courses on violence in criminology criminal justice sociology and social work and an invaluable tool for practitioners policymakers researchers advocates and community volunteers in criminal justice public health and social service

brian draper was tired of feeling tired life in its fullness felt like a life crammed full of stuff and no more i don t want to be the kind of father who turns up late and exhausted for his children s school concert and sits at the back fiddling with a blackberry distracted vacant i want to be there in the front row fully present drawing on the guidance of christian wisdom he began to notice opportunities day to day to reduce the quantity and increase the quality of life to make room for his soul less is more distills a wonderful spiritual principle which is especially significant at this point in history when time is limited and money is in short supply chapters include clearing the loft literally and spiritually using your senses to savour what is free finding rhythm giving freely expressing yourself

vitamins are absolutely essential for a healthy pregnancy before during and after expectant parents want healthy babies and to more easily navigate pregnancy s many ups and downs problem is standard prenatal vitamins don t come close to meeting the needs of all women nutritional orthomolecular physicians have known this for decades many women would benefit from an abundance of nutrients during pregnancy and the advantages are clear healthy babies and happy moms helen saul case has lifelong experience with nutritional medicine having been born and raised with it her entire life still she found pregnancy challenging with new aches pains and amazing symptoms i couldn t have dreamed up if i tried it became all too clear that how to best use high doses of vitamins to safely and effectively address health issues was conspicuously

absent from the scores of pregnancy health books out there it's time for a change vitamins pregnancy the real story is a comprehensive yet easily readable nutritional guide to optimal health for both you and your baby that tackles the topics other pregnancy books don't including the many ways nutrition helps to ensure your baby's best development in utero with lifelong benefits for mother and child how vitamin c helps prevent birth defects postpartum hemorrhages and even stretch marks vitamin e helps prevent miscarriage magnesium helps cramping legs and sore aching backs and extra vitamin b6 alleviates morning sickness without a prescription optimal vitamin and mineral intakes during pregnancy and breastfeeding what the research says about efficacy and safety nutrition based advice to help alleviate more than 35 pregnancy issues from acid reflux and yeast infections to postpartum challenges including depression and losing weight

scent is an ephemeral yet deeply evocative presence an invisible force shaping memory identity and artistic expression this is a groundbreaking interdisciplinary volume that redefines the role of olfaction in cultural and intellectual discourse moving beyond conventional analyses this collection explores the historical poetic and philosophical dimensions of fragrance tracing its influence on literature anthropology psychology and marketing structured into five interwoven sections the volume examines how scent functions as a literary motif a marker of personal and collective transformation and a dynamic agent in the construction of social and aesthetic meaning from the metaphorical power of fragrance in classical texts to its contemporary implications in branding and sensory design the contributors offer a nuanced exploration of olfactory culture across time and space by bringing together scholars from multiple disciplines this volume positions scent as a crucial element of human experience shedding new light on its presence in artistic creation identity formation and cultural narratives this volume is an invaluable resource for those interested in sensory studies literature cultural history and the ever evolving dialogue between perception and storytelling

civil resistance is a method of conflict through which unarmed civilians use a variety of coordinated methods strikes protests demonstrations boycotts and many other tactics to prosecute a conflict without directly harming or threatening to harm an opponent sometimes called nonviolent resistance unarmed struggle or nonviolent action this form of political action is now a mainstay across the globe it was been a central form of resistance in the 1989 revolutions and in the arab spring and it is now being practiced widely in trump's america if we are going to understand the manifold protest movements emerging around the globe we need a thorough understanding of civil resistance and its many dynamics and manifestations in civil resistance what everyone

needs to know r erica chenoweth one of the world s leading scholars on the topic explains what civil resistance is how it works why it sometimes fails how violence and repression affect it and the long term impacts of such resistance featuring both historical cases of civil resistance and more contemporary examples such as the arab awakenings and various ongoing movements in the united states this book provides a comprehensive yet pithy overview of this enormously important subject
